

IN-PERSON PARTICIPANT AGREEMENT AND CONSENT FORM

Three-Day Youth Content Creation and Empowerment Workshop

Powered by Teenage Ventures, Ministry of Sports and Ministry of Science and Tech, Abia State.

Programme dates: 17, 18, 19 2026.

Venue in Nigeria: E Learning Library. Ministry of Science and Technology.

PARTICIPANT DETAILS

Full name: _____

Age: _____

Gender: _____

Nationality: _____

State of origin: _____

Local Government Area of origin: _____

Phone number: _____

Email address, if available: _____

Parent/legal guardian's name, if applicable: _____

Parent/legal guardian's phone number: _____

1. PURPOSE OF THE PROGRAMME

The free workshop is designed to equip young people with practical content creation skills, digital media knowledge, creativity, and responsible approaches to digital platforms. It includes teaching, demonstrations, practical assignments, assessments, and other learning activities.

2. ATTENDANCE AND PARTICIPATION

I agree to attend and participate throughout the three-day workshop, arrive on time, follow reasonable instructions, take part in scheduled activities, and treat organisers, facilitators, resource persons, and participants respectfully. Serious misconduct or repeated failure to participate may affect my continued participation or eligibility for later opportunities.

3. ASSESSMENTS AND SELECTION

The organisers intend to accommodate 102 in-person participants. During the workshop, participants will complete assessments, assignments, and practical exercises. At the end of the workshop, 50 participants are intended to be selected for a further three-month mentoring programme. Selection may consider attendance, participation, assessment performance, creativity, practical application, commitment, and other relevant criteria. Attendance does not guarantee selection.

4. THREE-MONTH MENTORING AND TABLET SUPPORT

Fifty selected participants are intended to receive three months of mentoring and tablet, based on merit, to support future content creation activities. Selection and provision of Tablet are subject to confirmation by the organisers and any reasonable conditions communicated to successful participants.

5. OWNERSHIP OF WORK CREATED DURING THE WORKSHOP

I understand that the organisers will record and document activities during the official three-day workshop. Subject to applicable law and third-party rights, photographs, videos, audio recordings, edited footage, and other recordings produced by or on behalf of the organisers specifically in connection with the workshop are intended to belong to the organisers. To the extent I own or acquire transferable copyright or other intellectual property rights in work I create specifically as part of the official workshop, I agree to assign those rights to the Organiser by way of a present assignment of existing rights and an agreement to assign future rights as they arise, to the extent legally permitted.

6. USE OF WORKSHOP MATERIALS

The Organiser may retain, edit, reproduce, publish, distribute, and use Workshop Materials for educational, training, mentoring, online courses, digital learning resources, websites, social media, publicity, documentation, fundraising, and other lawful organisational purposes. Materials may be made available free of charge or for a fee. I will not independently sell, license, publish, or distribute the Organiser's recordings without prior written permission. This agreement does not automatically transfer ownership of my pre-existing materials or unrelated creative work.

7. CONTENT CREATED AFTER THE WORKSHOP

Independently created videos, photographs, social media posts, and other content I produce after the official three-day workshop will belong to me, subject to applicable law and third-party rights. The Organiser will not claim ownership of that independent work merely because I attended the workshop or received mentoring. Permission may be required if I use the Organiser's copyrighted recordings or other protected materials.

8. PHOTOGRAPHY, VIDEO, AUDIO RECORDING, AND IMAGE USE

I understand that photographs, video, and audio recordings may be made during the workshop. I consent to recording my image, likeness, voice, presentations, and contributions and authorise the Organiser to use the relevant recordings for educational, training, mentoring, documentation, publicity, promotional, and other lawful organisational purposes, subject to applicable law. Uses may include the Rooted Encounters website, social media, online learning platforms, and presentations, and may continue after the workshop. I will not receive additional payment merely because my image or contribution appears in authorised recordings. The organisers will take reasonable steps to respect dignity, safety, and privacy.

9. PERSONAL INFORMATION AND PRIVACY

I understand that my personal information will be collected for programme administration, attendance management, assessment, selection, safeguarding, and related legitimate purposes, and handled in accordance with the applicable privacy notice and data protection law. My personal information will not be made public simply because I participate.

10. CONDUCT AND SAFEGUARDING

I agree to behave respectfully and not engage in bullying, harassment, intimidation, discrimination, violence, or conduct that puts another person at risk. I will respect others' privacy and will not secretly record or publish another participant's image, voice, or personal information without appropriate permission. The organisers will take reasonable steps to promote a safe learning environment.

11. DECLARATION AND CONSENT

I confirm that I have read and understood this agreement; agree to participate in the three-day workshop; understand that assessments and selection will take place and that mentoring and iPad support are not guaranteed; understand and agree to the ownership arrangements for work specifically created as part of the official workshop; understand that independently created post-workshop content belongs to me subject to applicable law and third-party rights; consent to the recording and authorised use described above; understand how my personal information will be used; and confirm that the information I supplied is accurate to the best of my knowledge.
